### INSTRUCTIONS

Please vote for up to three candidates.  
The top three candidates will receive three-year terms.  
Only names of persons who have indicated they would serve, if elected, are listed on the ballot.

#### INFORMATION ABOUT NOMINEES:

For each section, the candidate who submitted his information first appears first on the ballot. All others follow in alphabetical order. Biographical information and answers to the question are as provided by the candidates. Biographies are limited to identification of employment, major fields of professional activity, service in the Society of Actuaries, and other relevant experience.

#### CANDIDATE QUESTION:

*Why are you interested in leading the Technology Section as a council member?*

---

**Tim Deitz, ASA, MAAA**, Model Architect, Old Mutual Financial Network, Baltimore, MD

**Professional Background:** Actuary specializing in Actuarial modeling software.

**Society of Actuaries Activities:** Technology Section member since 2000. Past member of Financial Reporting, Product Development and Investments Sections.

**Relevant Experience:** 14 years experience working for Actuarial Software vendors.

**Why are interested in leading your section?** I believe that I can offer a perspective from both a vendor's and company's view. I have experience with three of the leading Actuarial Modeling systems and the integration of them into a company's environment. Having been a section member for a number of years, I now feel that I am willing and able to step into a leadership role.

**Jeff Pomerantz, FSA**, Actuary/Consultant, Quantitative Risk Management, Chicago, IL

**Professional Background:** At QRM since October 2006; over 10 years of prior experience at a large Midwest life insurance company; various positions with heavy emphasis in modeling, risk management; passed first two CFA exams.

**Society of Actuaries Activities:** Member of Investment, Joint Risk Management, Product Development, and Technology Sections.

**Relevant Experience:** Extensive modeling experience on all major life and annuity products.

**Why are you interested in leading your section?** In general, I am interested in getting involved in industry issues/meetings. Specifically, though, I am interested in constantly learning more about technology and in contributing toward how we can make optimal use of it in today's stochastic world. I would also like to get to know more SOA members.

**Frank Reynolds, FSA, FCIA, MAAA, EA**, Professor Emeritus, University of Waterloo, Waterloo, ON

**Professional Background:** Began computer work in 1958 and have done a complete range of work including managing a Beta-test company for an IBM system.

**Society of Actuaries Activities:** Education and Examination Committee for about 15 years: Written several study notes; Individual Disability Income Committee; Education and Research Council.

**Relevant Experience:** Running a Beta-test company for IBM; programming/designing individual and group pension systems

**Why are you interested in leading your section?** I believe I can contribute both a systems and user viewpoint to the council. Also I can assist with the education initiatives currently under way.
