

Actuarial Research Clearing House

Some items of actuarial research.
Distribution sponsored by the Com-
mittee on Research of the Society
of Actuaries.

Copyright © 1982, by the Society of Actuaries

All rights reserved by the respective authors and by the Society of Actuaries.

Permission is granted to make brief excerpts for a published review.

Permission is also granted to make limited numbers of copies of items in the

issue of ARCH for personal, internal, classroom or other instructional use, on

condition that the above copyright notice is used in order to give reasonable

notice of the Society's copyright. This consent for free limited copying

without prior consent of the respective author or of the Society does not

extend to making copies for general distribution, for advertising or

promotional purposes, for inclusion in new collective works, or for resale.

The Society assumes no responsibility for the statements made or opinions

expressed in the articles, criticisms and discussions published in ARCH.
