

ACTUARIAL RESEARCH CLEARING HOUSE
1992.1

PROCEEDINGS
TWENTY-SIXTH ANNUAL ACTUARIAL RESEARCH CONFERENCE
UNIVERSITY OF ILLINOIS
CHAMPAIGN-URBANA, ILLINOIS
AUGUST 7-10, 1991

GUEST EDITORS

Charles Fuhrer
Pricing Actuary
Washington National Insurance Company
1630 Chicago Avenue
Evanston, IL 60201
708-570-4864

and

Esther Portnoy
Associate Professor
Mathematics Department
University of Illinois
273 Altgeld Hall
1409 W. Green Street
Urbana, IL 60201
217-333-3414

CONTENTS

Editors' Comments	iii
Conference Announcement	v
Program	vii
List of Participants	ix
A Multimedia Computer-Based Colloquium for Actuarial Science Instruction Arnold F. Shapiro	1
Distributions of Discounted Values Daniel Dufresne	11
Development of a CCRC Model	25
Analyzing Nonlinear and Non-Gaussian Actuarial Times Series Bradley P. Carlin	27

A Method to Determine Confidence Intervals for Trend . . .	61
William Bailey	
The Valuation of Interest-Sensitive Cash Flows Using the Symbolic Method	115
M. C. Modisett	
Differential Equation Model for Yield Curves	137
Steve Craighead	
Hierachical Bayesian Whittaker Graduation	161
Stuart Klugman	
Semiparametric Estimation of Warranty Costs	169
Edward W. Frees	
Modeling Flexible Benefit Selection	197
Charles S. Fuhrer and Arnold F. Shapiro	
The Implementation of Bayesian Credibility Models by a Sampling-Resampling Technique	217
Udi E. Makov	
Approximations of Ruin Probability by Di-atomic of Di-exponential Claims	223
Joshua Babier and Beda Chan	
Nonparametric Tests for Heterogeneity of Risk	233
Jacques Carriere	
Annuities for the Aged	251
Cecil Nesbitt and Marjorie Rosenberg	
A Model for Pricing Under Competition	291
Claude Pichet	
Nonparametric Regression Methods Based on Regression Quantiles	293
Stephen Portnoy	
Immunizing Stochastic Cash Flows	313
Elias S. W. Shiu	
Axioms for the Internal Rate of Return of an Investment Project	327
S. David Promislow	
An Analysis of Long-Term Care Data from Hamilton-Wentworth, Ontario	337
Bruce L. Jones	
Credit Risk Study of Private Placement and Commercial Mortgage Loans	353
Mark G. Doherty
