

30TH ACTUARIAL RESEARCH CONFERENCE

Each year, the Actuarial Research Conference (ARC) provides a central meeting for academics and researchers interested in all aspects of actuarial science. The 30th Actuarial Research Conference will be Thursday, August 17 through Saturday, August 19, 1995, at Pennsylvania State University, University Park, Pennsylvania.

The theme of the conference will be "Communicating Educational Topics and Research Results." In keeping with the conference theme, presenters will be encouraged to emphasize the communication aspects of their presentations. To facilitate this, presenters will be invited (and provided with assistance if desired) to make dynamic computer-assisted presentations using either Compel or ToolBook. Organizers will strive to accommodate the special needs of presenters who use other presentation software.

For more information, contact this year's organizer, Dr. Arnold F. Shapiro, at Pennsylvania State University, 409 F Business Administration Building, University Park, Pennsylvania 16802, phone: 814-865-3961; fax: 814-865-6284; e-mail: afs@psuvm.psu.edu.
