Call for Papers for ARCH

Authors are invited to submit papers for possible publication in ARCH, an informal communication regarding current actuarial research. While primary emphasis is on distribution of short notes or papers on specific research topics, ARCH also acts as a clearinghouse for items embodied in letters between researchers, useful computer programs (or announcements of the availability of such programs), translations of appropriate material in foreign languages, problems, solutions, etc.

Papers should be submitted as photo-ready copy with a one-inch margin on each side. In addition, authors are requested to preface their papers with a brief abstract (100 words or less). Papers can be sent to:
