
List of Figures

Figure	Page
1 Description of Data Preparation	20
2 Percentage of Enrollees by \$1000 Expenditure Groups	29
3 Summary of Predictive Accuracy for Individual Results, Adjusted R ² , All Pools, 1992	31
4 Summary of Predictive Accuracy, Individual Results, Percentage of Absolute Errors within \$500, All Pools, 1992.....	32
5 Summary of Predictive Accuracy, Individual Results, Percentage of Absolute Errors Greater Than \$5,000, All Pools, 1992	32
6 Mean Predicted versus Actual 1992 Expenditures, Grouped by 1992 Actual Expenditures, Retrospective Models.....	34
7 Mean Predicted versus Actual 1992 Expenditures, Grouped by 1992 Actual Expenditures, Prospective Models.....	34
8 Summary of Predictive Accuracy, Random Group Results	36
9 Ratio of Predicted to Actual 1992 Expenditures for Nonrandom Groups of Enrollees, Groupings Based on Relatively Low or High Expenditures in 1991	37
10 Ratio of Predicted to Actual 1992 Expenditures for Nonrandom Groups of Enrollees, Based on \$1,000 Groupings of 1991 Expenditures, Selected Methods	38
11 Ratio of Predicted to Actual 1992 Expenditures for Nonrandom Groups of Enrollees, Groupings Based on Inpatient Diagnosis of Cancer, Heart Disease, or Other in 1991	39
12 Effect of Group Size on Predictive Accuracy	41
13 Analysis of High-Cost Conditions, Summary of Predictive Accuracy, Individual Results, Retrospective 1992, Data from Seven Pools, No Truncation—Adjusted R ²	62
14 Analysis of High-Cost Conditions, Summary of Predictive Accuracy, Random Group Results, Retrospective 1992, Data from Seven Pools, No Truncation—Mean Absolute Prediction Error	63
