MONOGRAPH

Papers presented at the 2011 Living to 100 Symposium are now in an online monograph at [LivingTo100.soa.org](http://LivingTo100.soa.org). Find papers and transcripts from the 2011 symposium covering topics including mortality modeling, measurement and trends, obesity and other factors that may affect mortality, mortality compression, predictors of exceptional longevity, slowing the aging process and implications of increasing aging populations. The transcripts of panel discussions and keynote presentations are also available in the monograph. Look for the fifth Living to 100 Symposium's call for papers coming soon!
