SOA Names Insurance Administrator—Marsh Affinity Group Services

submitted by Marsh Affinity Group Services

Editor's Note: As David Godofsky's article on page six reminds us, actuaries, like all professionals, are at risk of professional liability lawsuits and claims. The SOA has not historically offered access to group coverage for Professional Liability Insurance (which was therefore difficult and costly to obtain). This announcement of group coverage through Marsh Affinity Group Services is timely.

We are pleased to announce that the SOA has appointed Marsh Affinity Group Services to administer insurance programs for society members.

Marsh is a full-service insurance broker and administrator for affinity groups. A pioneer in the concept of association-sponsored insurance plans since 1949, Marsh Affinity Group Services has earned a reputation for the innovative design and administration of a wide range of insurance and financial products, and has become a leading provider of insurance program management and underwriting services in North America. Marsh Affinity Group Services is a part of Marsh & McLennan Companies, a multinational corporation and one of the world's foremost leaders in insurance administration.

By purchasing insurance programs through the SOA, members can take advantage of a wide variety of benefits. These programs have been researched by the SOA and have been proven to be an excellent source of protection for members.

Also, with the mass-purchasing power of the SOA, members can benefit from the group rates offered.

Insurance plans currently being made available to SOA members include:

- Professional liability insurance
- Disability income insurance
- Term life insurance
- Ten-year term life insurance
- Catastrophe major medical insurance
- Major medical market basket

Members who have any questions, or who would like more information, may contact the insurance administrator at:
