

MODELING

(Vote for up to two candidates)

Chun Zheng

Glen A. Gusewelle

**Chun Zheng, FSA, MAAA
CVP & Actuary
New York Life Insurance Company
New York, NY**

Professional Background

Life actuary with 20 years' experience primarily in ALM and Risk Management. Other areas of experience include finance engineering, structured security, annuity pricing, financial reporting and employee benefit design. Converted ALM models to Prophet.

Society of Actuaries Experience (Section and committee memberships and participation)

Active member of the Actuary of the investment and risk management Sections. Was a member of Modeling and International Sections.

Other Relevant Volunteer Experience

None

Why are you interested in leading this section?

I am running for a seat in the Modeling Section Council to contribute in the promotion of user-friendly model and cost-effective modeling.

◆ ◆ ◆ ◆

Glen A. Gusewelle, ASA, MAAA
Director of Actuarial Controls & Model Governance
AIG
Overland Park, KS

Professional Background

I have 30+ years' experience as an actuary, mostly in the consulting environment with smaller to middle-sized consulting groups. My last 5 years are with my current company serving as the Model Governance Office for the life and annuity lines of business. Have worked the full range from product development, filings, state audit support, financial reporting, SOX controls, systems development, and served as an Appointed Actuary and an Illustration Actuary. My experience includes working with small companies with \$35 Million in reserves to two of the top 5 companies.

Society of Actuaries Experience (Section and committee memberships and participation)

I volunteered for an Academy working group back in 2011. I also worked on the NAIC Streamlining Actuarial Reporting Pilot filing in 2016. Volunteered for math tutoring at local schools. I also work to mentor students coming out of the actuarial program at my alma mater into the professional world.

Other Relevant Volunteer Experience

Served on Mission Outreach Boards for my church over many years. Adjunct Board Member to City Union Mission, a shelter for the homeless. Volunteered with Habitat for Humanity in both Kansas City and Atlanta building affordable homes over several years.

Why are you interested in leading this section?

I am interested in serving in the Modeling Section to give back. I hope to use my 30+ years of experience to further the work of actuarial modeling. Thinking my role in Actuarial Controls and as a Model Governance Officer would offer an important perspective to the advancement of actuarial modeling. Additionally, I have worked with the smallest companies to the largest and I understand the impacts to each.
