ADDITIONAL CREDIT CARD INFORMATION—CVV2 NUMBER

How to find your credit card's CVV2 number:

On a **Visa** or **MasterCard**, please turn your card over and look in the signature strip. You will find (either the entire 16-digit string of your card number, OR just the last 4 digits), followed by a space, followed by a 3-digit number. That 3-digit number is your CVV2 number (see below). On **American Express** Cards, the CVV2 number is a 4-digit number that appears above the end of your card number (see below).

What is CVV2?

CVV2 is a security measure we require for all transactions. Since a CVV2 number is listed on your credit card, but is not stored anywhere, the only way to know the correct CVV2 number for your credit card is to physically have possession of the card itself. All Visa, MasterCard and American Express cards made in the United States have a CVV2 number.

Visa & MasterCard:

**CVV2
Num**

This number is printed on MasterCard and Visa cards in the signature area of the back of the card. (it is the last 3 digits AFTER the credit card number in the signature area of the card). **If you cannot read your CVV2 number, you will have to contact the issuing institution.**

American Express:

4 Digit Card Verification Number

American Express cards show the CVV2 printed above and to the right of the imprinted card number on the front of the card.

NOTE: For European or Asian credit cards that do not have a CVV2 number, please enter 000 as your CVV2 number.

Retain your candidate number to access results at <http://examresults.soa.org>.
