Candidates seeking to take the FAP Final Assessment must first complete all required modules and have submitted and met the minimum requirements, via self-assessment, for all End-of-Module exercises.

The FAP Final Assessment is in the format of a comprehensive exercise available at the end of Module 8 that covers material in Modules 6-8. Candidates will have access to the Final Assessment once they complete Module 8 and download the Assessment to their computer. Candidates have 96 hours to complete and submit their Assessment. The 96-hour timeframe will begin as soon as candidates click and download Final Assessment materials. The Final Assessment is designed for a level of candidate effort of approximately 25 hours. If you do not submit your Assessment within the 96 hour timeframe, your Assessment will NOT be accepted and you will need to register to take the Final Assessment again and submit appropriate fees. There will be no refunds.

The Final Assessment is available on-demand. There is no registration deadline; candidates may take it at their own discretion once qualifications have been met. Candidates will have access to it after completing the required modules and exercises.

ADDITIONAL CREDIT CARD INFORMATION—CVV2 NUMBER

How to find your credit card’s CVV2 number:

On a Visa or MasterCard, please turn your card over and look in the signature strip. You will find (either the entire 16-digit string of your card number, OR just the last 4 digits), followed by a space, followed by a 3-digit number. That 3-digit number is your CVV2 number (see below). On American Express Cards, the CVV2 number is a 4-digit number that appears above the end of your card number (see below).

What is CVV2?

CVV2 is a security measure we require for all transactions. Since a CVV2 number is listed on your credit card, but is not stored anywhere, the only way to know the correct CVV2 number for your credit card is to physically have possession of the card itself. All VISA, MasterCard and American Express cards made in the United States in the past 5 years have a CVV2 number.

Visa & MasterCard:

This number is printed on MasterCard and Visa cards in the signature area of the back of the card. (It is the last 3 digits AFTER the credit card number in the signature area of the card). IF YOU CANNOT READ YOUR CVV2 NUMBER, YOU WILL HAVE TO CONTACT THE ISSUING INSTITUTION.

American Express:
American Express cards show the CVV2 printed above and to the right of the imprinted card number on the front of the card.

**NOTE:** For European or Asian credit cards that do not have a CVV2 number, please enter 000 as your CVV2 number.
